

FOR IMMEDIATE RELEASE

CHEMSPEC USA LAUNCHES VOC COMPLIANT WATERBORNE AUTOMOTIVE BASECOAT SYSTEM

ORRVILLE, OH – APRIL 2009 – Developed with the latest raw material technology, Hydrolux™ waterborne automotive basecoat system offers enhanced performance that fully complies with global VOC legislation. The extended shelf life, drying time, temperature stability and remarkable pricing are all contributing factors setting the Hydrolux™ basecoat system apart from our competition.

Hydrolux™ is backed by a full lifetime warranty. When you install a Hydrolux™ system, you will also enjoy the benefits of Metalux 2™ - our premium refinish system. Metalux 2™ is a fully integrated system that offers you outstanding quality, exceptional value and innovative VOC compliant products.

Featuring a broad range from our Metalux2™ Premium International Refinish system to our Big Sky® Specialty Refinish products, and now the new Hydrolux™ Waterborne system, ChemSpec employs the latest technology to manufacture outstanding products for the automotive, fleet and industrial markets at very competitive prices. For more information, call 800-328-4892 or email sales@chemspecpaint.com.
