

FOR IMMEDIATE RELEASE

Massachusetts Chapter of Council on Aging Gets 'New' Ride Thanks to Recycled Rides Program and Carl's Collision Center

ORRVILLE, OH – January 2010 – The national vehicle donation program aptly titled [Recycled Rides](#), has assisted many needy families and worthy organizations throughout the country since its inception. This impact is due in part to a powerful collaboration of over fifty collision repair shops partnering with insurance, paint and parts companies through the **National Auto Body Council**.

[Carl's Collision Center](#) of Fall River, Massachusetts was proud to participate in this program. Allstate Insurance donated the vehicle, while [ChemSpec USA](#) donated the paint, and Carl's own staff provided their time and expertise to repair the vehicle.

With not a seat left in the room, this presentation was attended by an impressive group of Massachusetts elected officials and business leaders including; State Senator, Joan Menard; State Representative, Kevin Aguiar; Carl Garcia, Co-Owner of Carl's Collision Center; Chuck Sulkala, the Executive Director of **National Auto Body Council** as well as all the Fall River City Councilors, the Mayor and Mayor-Elect.

While many of the **Recycled Rides** are designated for needy families, this one went to the Fall River Council on Aging. "No one will be happier than I to take our oldest vehicle off the road and replace it with this newly refurbished 2001 Chrysler Voyager Minivan," declared Pauline D. Gousie, Associate Director for this local chapter. This endeavor was truly a collaborative one combining the efforts of Allstate Insurance, Enterprise Rent-A-Car, John's Auto Service of Fall River, ChemSpec USA and Carl's Collision Center.

ChemSpec USA is proud to have partnered with Carl's Collision and all of the afore mentioned participants in this charitable project. ChemSpec employs the latest technology to manufacture outstanding paint products for the automotive, fleet and industrial markets at very competitive prices.
