NATIONAL RULE PRODUCT SYSTEM

VALUE IN EVERY DROP

AN AXALTA COATING SYSTEMS BRAND

CHALLENGER® NATIONAL RULE

Challenger® is a National Rule product system that makes delivering long-lasting, collision-quality colors easy and affordable. With simple mix ratios and wide range application, this user-friendly refinishing system can tackle all types of repairs. It features a compact line of products and color support tools for a fast and efficient approach to a consistent color match. With Challenger®, you can exceed your customers' expectations without exceeding your budget.

COLLISION-QUALITY COLOR MATCH

Challenger products are fast and easy to apply for a long-lasting, collision-quality finish. Achieving an accurate color match to thousands of vehicles with our basecoat color system has never been easier.

COMPACT SYSTEM

With a compact system of primers, sealers, basecoats and clearcoats, the Challenger National Rule product line is sure to have a paint solution for all your collision repair needs.

USER-FRIENDLY APPLICATION

Challenger products are straightforward to use with simple mix ratios and can be used in a wide range of applications.

2K PANEL CLEARCOAT

A two-component high-build, medium-solids clearcoat formulated with quick dry and excellent gloss and flow characteristics.

VOC: 4.3 lbs/gal

UNDERCOAT	HARDENER
CH3031 2K Panel Clearcoat	CH0050 Very Fast Hardener CH0055 Fast Hardener CH0060 Medium Hardener CH0065 Slow Hardener

CHALLENGER NATIONAL RULE COLOR TOOLS

PROFESSIONAL COLOR SELECTOR

Sprayed fan decks chromatically organized make it quick and easy to find color within color families.

Part number: M-6862

COLOR CHOICE® SOFTWARE

Color Choice provides an extensive library of 50,000+ color formulas with monthly updates for new and updated colors.

ACQUIRE® COLOR COMPACT SPECTROPHOTOMETER

When paired with Color Choice, the Acquire Color Compact Spectrophotometer reads color and helps find the most accurate color formula.

COLOR MOVEMENT CHART

Color movement charts provide visual tips on how to use toners to move color in the right direction, if necessary.

Part number: E-R6021

ADDITIONAL COLOR TOOLS

VINDICATOR*

VINdicator is Axalta's exclusive color retrieval tool designed to help customers easily and efficiently select the right color formula using the Vehicle Identification Number (VIN). When used exclusively with ColorNet, VINdicator offers a simple alternative to other formula-retrieval options to assist customers in choosing the right formula when multiple variants exist for a given color.

*VINdicator is only offered when used exclusively with ColorNet.
